Subject: EU Europeana Survey on Advanced 3D documentation

Dear colleague,

It will be highly appreciated if you can take the time and contribute actively in the following survey and/or to post it in your social media and forward it to your networks/email lists. The survey is all about the current digital 3D documentation and preservation in Europe and generally talking at the EU digital Heritage Library: Europeana (www.europeana.eu).

Thank you so much in advance,

Best Regards,

Marinos Ioannides
